

# magnet-stick H

## magnet-stick H

Mediaport mounted on the edge of the table top / desk. Simplicity of its assembling and disassembling ensures optimum organization of every workplace.

Due to the modular design and flexibility regarding number of modules (from 2 to 6 in standard versions) **magnet-stick H** gives the opportunity to meet the individual client's requirements.

It's available in 3 mounting versions:

- HA - used in arrangements with dividing walls, housing is flushed with edge of the table top and cables fall under the desk
- HB - housing projects beyond the outline of the table top and cables fall perpendicularly
- HT - used in arrangements with dividing walls overlapping on the desks

■ Standard versions:  
2-module, 3-module, 4-module, 5-module, 6-module.

■ System used in **magnet** product line allows to adopt the configuration to individual client's needs because of available power sockets and multimedia modules. More information on page 28.
