MANUFACTURER'S STATEMENT FOR ABLOY® PASSIVE DOOR LOCKS LE945 AND LE955

Manufacturer: Abloy Oy
Wahlforssinkatu 20
FI - 80100 Joensuu
FINLAND

To whom this may concern,

This statement is to declare that ABLOY® LE945 and LE955 centre locks represent the whole passive EXIT door locksets.

NARROW STILE DOOR

| ACTIVE LEAF X | | PASSIVE LEAF | C bottom | A centre | B top | Package code |
|---------------|-------|--------------|----------|----------|-------|--------------|
| mechanical | PE060 | mechanical | LE935 | LE945 | LE931 | PE920 |
| electric | PE460 | mechanical | LE935 | LE945 | LE931 | PE920 |
| electric | PE420 | Electric/DA | LE935 | LE945 | PE941 | PE923 |

WOODEN OR STEEL DOOR

| ACTIVE LEAF X | | PASSIVE LEAF | C bottom | A centre | B top | Package code |
|---------------|-------|--------------|----------|----------|-------|--------------|
| mechanical | PE160 | mechanical | LE985 | LE955 | LE981 | PE925 |
| electric | PE560 | mechanical | LE985 | LE955 | LE981 | PE925 |
| electric | PE520 | Electric/DA | LE985 | LE955 | PE951 | PE928 |

Package codes PE920, PE923, PE925 and PE928 are meant to be used, when specifying passive EXIT door package. Above-mentioned PE-code are not visually marked in any product, whereas LE945 and LE955 codes are marked in the centre lock forend plate. LE codes can be easily detected from the forend plate if needed to inspect. Passive EXIT door lockset can not work without top and bottom locks (as mentioned in chart above). Therefore Certificates, EN179 (0432-CPR-00008-01) and EN1125 (0432-CPR-00008-02) are granted to LE945 and LE955 (with configuration of top and bottom locks as in the chart above).
